GUILDLINE FOR IMPLEMENTING SAFEGUARDING IN PRACTICE

These guidelines outline the requirements for safeguarding children and young people that are applicable to organisations that work with GOALPrime Organization Nigeria Entities in carrying out our programmes involving children and young people.

They are particularly applicable to organisations assessed as having contact with children and young people, working with children and young people, and/or whose projects, programmes, processes, activities, advocacy and influence work impact on children and young people. Organisations funded by a GOALPrime Organization Nigeria Entity are expected to build on these guidelines as appropriate based on the nature of their activities and risks to children and young people.

The guidelines illustrate our commitment to support and respect children's and young people's rights to be protected from harm, and to provide a safe and protective environment for children and young people who are involved with any programmes funded by a GOALPrime Organization Nigeria Entity.

The guidelines should be applied in relation to children and/or young people as appropriate, depending on the group the organisation works with.

1. Prevention: The Organisation must take appropriate measures to manage child and/or youth safeguarding risk factors and prevent abuse and exploitation before it occurs. Prevention measures should include organisational safeguarding policies, codes of conduct and associated procedures; the management of safeguarding risks in relation to its operations, activities and interventions; and the production and promotion of 'child and young person friendly' safeguarding information and resources.

2. Code of Conduct: Each Organisation is required to ensure that their personnel avoid any behaviour or conduct that compromises the safety and protection of children and/or young people within its activities, operations and programmes. In addition, programmes and activities working directly with children and/or young people or involving direct contact between the same should develop guidance on expected and acceptable behaviour for children and/or young people towards each other. This should be incorporated into policy and practice documents.

3. Gender Equality and Non-Discrimination: The Organisation should ensure that all Safeguarding Children and/or Young People policies and procedures take into account gender equality and non-discrimination requirements. Recognising that girls, boys, young women, young men, and children and young people of different gender identities may face different risks relating to their safety and protection and that all children and/or young people have an equal right to protection, irrespective of: age, sex, gender, gender identity, sexual orientation, nationality, ethnic origin, colour, race, language, religious or political beliefs, marital status, disability, physical or mental health, family, socio-economic or cultural background, or class.

4. Screening Procedures: There should be detailed screening procedures for all personnel (including unpaid volunteers) who will come into contact with children and/or young people (directly or indirectly). Screening procedures should be as available in each country and updated on a regular basis, where possible. Screening procedures may include certificate of good conduct, police reference checks or equivalent, verification that applicants are not listed in national registries of child offenders; a detailed application and interview process; references who support the applicant's suitability to work with children and/or young people.

5. Awareness: The Organisation should ensure that all personnel, sub-contractors or consultants or affiliates involved with children and young people's programmes are aware of safeguarding risks, policies and procedures; and their safeguarding responsibilities. In addition, children and/or young people engaged and their parents, guardians or carers should be informed of the same so that they know what behaviours to expect and how to report any concerns.

6. Capacity Building: The Organisation should develop the capacity of all who work with and for children and/or young people to appropriately prevent, detect, report and respond to safeguarding concerns and particularly as they pertain to differing gender and other identities. Efforts should be made to ensure organisational policies and practices are understood and can be effectively implemented through mandatory inductions and on-going training courses for all employees and volunteers and other associates.

7. Participation of children and/or young people: Children and/or young people should be actively, meaningfully and ethically involved in the development of safeguarding measures in accordance with their evolving capacities. Children and/or young people must not be treated simply as objects of concern but rather listened to and taken seriously and treated as individual people with their own views.

8. Reporting Mechanisms for children and/or young people and Staff: Mechanisms should be established that enable the safe reporting of safeguarding concerns. Such mechanisms should ensure appropriate escalation of concerns within the organisation, referral to the appropriate authorities and confidentiality. In addition child and youth reporting mechanisms should be accessible, friendly and sensitive to their differing needs

9. Response and Follow Up: Organisational policies and procedures should include appropriate measures to support and protect children and/or young people when concerns arise. All measures taken to respond to a safeguarding concern should take into account the best interest of the child or young person and be sensitive to their differing gender and other identities ensuring they are kept safe and protected. Response measures should be appropriately risk assessed and endeavour to ensure no further harm comes to the child and/or young person as a result of any actions taken by the Organisation.

Concerns should be written up and information kept in accordance with the privacy and confidentiality policies of the Organisation and/or local legislation. In addition, organisational processes should ensure response evaluation and follow up for organisational learning.

The Organisation should also advise GOALPrime Organization Nigeria of any complaints of abuse to children and/or young people in line with the working agreement.

10. Implementation, Monitoring and Review: The implementation and monitoring the Safeguarding Children and/Young People Policy for each Organisation should be reviewed at regular intervals as determined necessary by the Organisation, preferably at least every three (3) years, where possible.

11. Sanction and Discipline of Organisation personnel: The Organisation policies and procedures should provide for appropriate sanctions and disciplinary measures which ensures children and young people are protected from further potential harm. This may include the immediate suspension of personnel until such time as the allegations are followed up and either substantiated or refuted and/or where personnel is convicted of abusing a child or young person, the said personnel is immediately terminated with cause from his or her position.

12. Informed Consent: The Organisation should provide children and/or young people (and their parent(s)/legal guardian(s) where applicable), with all necessary details (including on any associated risk,) to make an informed decision regarding their participation in programmes and activities, including any voice recordings, video or photographs of children and/or young people (including how and where these will be used). Participation and/or usage of information and/or images should only take place after consent is obtained.

13. Protection of Personal Information: Personal information regarding any Child or children and/or young people, whether or not such information is obtained as part of the programmes involving children and/or young people, should be treated confidentially. There should be clear procedures showing the responsibilities within the organisation for accessing and using such data with appropriate authorisations. In addition such data should not be disclosed to any third party, except in accordance with the policies of the Organisation or as required by applicable local laws. Personal information includes, but is not limited to, any information that can be linked to or used to identify a Child and/or Young Person.

14. Working with partners: The Organisation should ensure adequate safeguarding assessments are made as part of its due diligence processes when it comes to partnership working. Third party entities that are contracted or supported to work with children must be subject to the same safeguarding principles and approach outlined in the Organisations policy and procedures. Vendors, suppliers and other contractors that may be in direct or indirect contact with children must also be subject to appropriate safeguarding measures.

Prevention, Protection from Sexual Exploitation and Abuse (PSEA)

At GPON, we are intolerant of any form of sexual exploitation and abuse. We value the dignity of all our beneficiaries. GPON shall not tolerate its employees, volunteers, consultants, partners or any other

representatives associated with the delivery of its work sexually exploit or abuse any of GOALPrime's beneficiaries. Such behavior goes against the very beliefs, values and mission of our organization. Safeguarding of our beneficiaries is a priority for GPON.

Sexual Exploitation and abuse, as well as a range of non-sexual abuses of power, take various forms and can happen to anybody at any time during their lives, but are more likely when one person is in a position of power over another. GPON recognizes that this can happen within our workplaces or project locations hence the need for this measure to mitigate the risk and possibilities of occurrence.

All employees and volunteers of GOALPrime Organization Nigeria upon whom this code of conduct is binding are obliged to report any suspicions of sexual exploitation or abuse. This can be done without sharing details of cases where information has been shared in confidence. Failure to report to a relevant person suspicion of abuse relating to someone else is a breach of the GPON policy, and could lead to disciplinary action being taken. GOALPrime maintains zero tolerance to Sexual Exploitation and Abuse and any confirmed defaulter shall be duly prosecuted in line with approved standards and protocols.

Personal or sexual harassment

Sexual harassment is any conduct, comment, gesture or contact of a sexual nature that one would find to be unwanted or unwelcome by any individual, or that might, on reasonable grounds, be perceived by that individual as placing a condition of sexual nature on an employment or career development.

Personal harassment means any conduct whether verbal or physical that is discriminating in nature, based upon another person's race, colour, ancestry, place of origin, political beliefs, religion, marital status, physical or mental disability, sex, age or sexual orientation. It is discriminatory behaviour, directed at an individual that is unwanted or unwelcome and causes substantial distress in that person and serves no legitimate work-related purpose.

GOALPrime Organization Nigeria has a zero tolerance policy with respect to Personal /Sexual Harassment. Personal/Sexual Harassment in any form is strictly prohibited and may be grounds for termination as a volunteer, or, in the case of an employee, immediate dismissal for just cause without notice or pay in lieu of notice.
